

Product Announcement

Pro-Ject Head Box DS

Didcot, Oxfordshire – July, 2013

Henley Designs are happy to announce a new release from Box Design by Pro-Ject Audio Systems. The Head Box DS is one of the most versatile products ever released in the range of compact hi-fi electronics.

Designed with headphone audiophiles in mind, the Head Box DS is essentially a multi-source headphone amplifier built with premium components, designed to satisfy the growing popularity of listening to your music through headphones. However, where it advances on from its predecessor, the Head Box S/E, is with the inclusion of a high-quality DAC chip from Cirrus Logic.

The built-in CS4344 DAC chip allows for 24-bit / 192kHz digital conversion over asynchronous USB, as well as high-quality conversion of more traditional digital sources via the Coaxial and Optical inputs. Combine this with the analogue input, for connecting a turntable or similar analogue source, and the Head Box DS is capable of bringing together all your music sources directly to your headphones in one convenient, practical and great-sounding box.

As well as working as a headphone amplifier, the Head Box DS can also act as a fully-functioning hi-fi DAC for a full-sized speaker-based system. The analogue output on the rear panel means that everything that is transmitted to the headphones can also be sent to an amplifier in original quality.

The Head Box DS is effortlessly simple to use, with the input selection and volume control being adjusted by the buttons on the front panel, and all the relevant information – including sample rate – is provided by the large, clear screen.

The Head Box DS from Box Design by Pro-Ject Audio Systems is available now in Black or Silver finish for £299.00

UK SRP: £299.00

Technical Information:

Power Output:	350mW (30Ω), 60mW (300Ω)	S/N Ratio:	112dB (A-weighted)
H/phone Connection:	> 30Ω	THD:	0.0014%
Frequency Response:	20Hz – 20kHz	Gain:	9dB
H/phone Jack:	3-pole ¼" Jack (6.3mm)	Line Input:	1 pair RCA
D/A Converter:	Cirrus Logic CS4344	Line Output:	1 pair RCA
Max. Conversion:	24-bit / 192kHz	USB Input:	Yes, Asynchronous
Other Digital Inputs:	Coaxial, Optical	Net Weight:	990g
Dimensions (WxHxD):	103 x 72 x 150mm		

More on Henley Designs Ltd.

Henley Designs Ltd. was formed in 1997 as the result of a management buy-out of Ortofon UK. Since then our extensive knowledge of high-quality hi-fi has flourished, and with it our brand portfolio has continued to develop.

In 2013 we are proud to boast a product portfolio that incorporates some of the world's foremost manufacturers of Hi-Fi and DJ equipment.
