

## Distribution Announcement

### Henley Designs Ltd. to distribute Unison Research in the UK and Ireland

*Didcot, Oxfordshire – 9<sup>th</sup> December 2014*

Henley Designs are delighted to announce a new distribution agreement with Unison Research for their multi-award winning range of luxury Hi-Fi electronics and loudspeakers. As sole UK distributor for a wide variety of Hi-Fi and DJ equipment brands from across Europe, Henley Designs are thrilled to add Unison Research to their ever-developing portfolio. Managing Director of Henley Designs Ltd., Laurence Armstrong, said of the new relationship:

*“We’re thrilled to be working with Unison Research. They have a skilled and dedicated team of audio experts who perfectly complement the quality of the products they manufacture. The high-end audio market is vibrant, and we feel Unison Research should be a key consideration for anyone in the UK that’s interested in true high-end sound. Their valve technology is second to none, and we’re excited about some of the innovations they have in mind for future releases.”*

From January 1<sup>st</sup> 2015, Henley Designs will be offering sales and support for all Unison Research enquiries in the UK and Ireland. After many years of expertly handling the Unison Research brand in the UK, UKD will also continue to support the warranty on all products purchased prior to the handover date. Henley Designs would like to thank UKD for the professional way in which they’ve represented Unison Research over many successful years.

As part of the new distribution arrangement UK customers will have full access to the valve and hybrid ‘Unico’ electronics ranges, as well as the loudspeaker models produced by Unison Research. The sister company of Unison Research, Opera Loudspeakers, will also be accessible through Henley Designs.

Technical and sales information for the entire Unison Research range will be available from [www.henleydesigns.co.uk](http://www.henleydesigns.co.uk) in early 2015.
